Safety Precaution

Palmyra implements a safety rule. We require that all Parents/Guardians need to remain in the **clubhouse** during practice times. We realize that everyone has busy schedules and that at times you cannot be here. Therefore, it is your responsibility to provide your child with that supervision. For example: Grandparents, friend, neighbor, sibling over the age of 16, etc. That person will need to remain with your child as well. If your child has no adult supervision they will not be allowed to shoot. Please list below those persons who might be in charge of your child. Thank you for your understanding.

Waiver's

1. I understand that I must be present at practices for the whole duration. If I'm not able to stay my child will be supervised by someone on the list. If no one is there I understand my child will not be allowed to participate.
2. In the event of a medical emergency, if a parent/ guardian cannot be reached, I hereby authorize and consent to medical care and treatment of my child by a licensed physician if in his or her opinion such treatment is necessary to prevent death, permanent disability or prolonged suffering.
3. In teaching your child how to shoot a bow, there may be times where touching parts of the body are necessary to correct form. Parts may include head, shoulders, back, hips, stomach and feet. If at anytime you or your child feel uncomfortable please inform us immediately.
